

# BRAUSSE ETERNA

# ML1300G & ML1092GII

## CLAMSHELL DIECUTTERS

### Main Features :

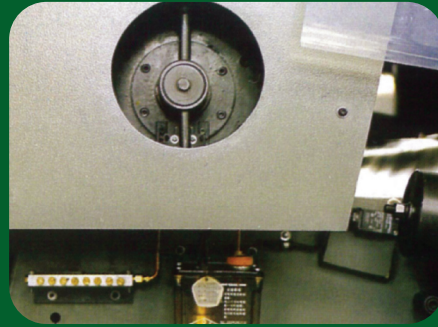

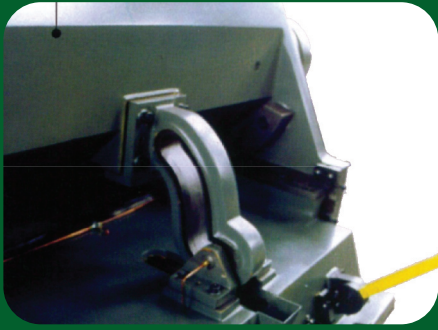

- Central lubrication system
- Wormgear jam release system
- Free standing power box with Safety switch
- Electrical Counter
- Air Operated clutch/brake with non-asbestos friction disc to ensure fast and reliable stopping of the machine
- High grade precision casting frame to minimize deformation under pressure
- 4 Shaft helical gear drive ensures quiet and smooth operation
- CE Standard electrical system

Model ML1300G, ML1092GII

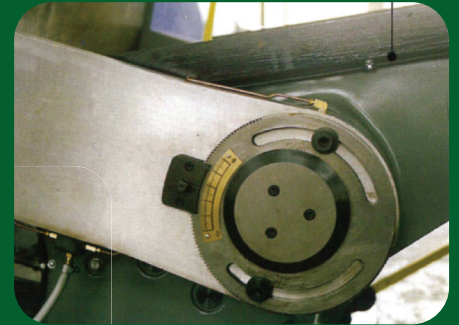

- Flat mobile bed opening for easy and safe operation
- Single cut, continuous and adjustable open dwell run modes
- CE Standard complete safety system including safety guard, kill switch (cross safety bar) and cross knee bar.

Wedge type upper and lower bed parallel adjustment ensures even and precise die cutting.

Central oiling system provides lubrication to all necessary points.  
Wormgear jam release device to ease unjamming

Dual Micrometer infinite pressure adjustment gear enables fine pressure adjustment and high quality die cutting.

## Specifications:

### Model 1092GII

### Model 1300G

Max. Sheet Size	1130 x 860mm	1330 x 950mm
Inner Chase Size	1092 x 805mm	1330 x 920mm
Mechanical Speed	20 (sheets/min)	18 (sheets/min)
Max. Cutting Rule Length	32m	40m
Machine Dimensions	2200 x 2160 x 1700 (L x W X H)mm	2440 x 2170 x 1900 (L x W x H)mm
Net Weight	4500kg	6200kg
